Summary

Software Developer and IT professional with experience building and maintaining production applications using JavaScript, Python, and Salesforce technologies. Skilled in data workflows, API integrations, DevOps tooling, and system administration. Strong foundation in Agile environments with a growing focus on automation, scripting, and cloud infrastructure.

Technical Skills

Languages: JavaScript, Python, HTML / CSS, Java, C, Apex, SOQL

Frameworks & Tools: React, Next.js, Node.js, Webpack, Git, Docker, Azure DevOps

Databases & Servers: MySQL, Batch Processing (OpCon), Salesforce Data Loader

Platforms & Systems: Linux / Unix, Windows, macOS, Azure Cloud, TrueNAS, Salesforce

Professional Experience

IT Programmer Analyst, State of Michigan

Apr. 2023 to Present

- Develop and maintain Salesforce applications using Apex, SOQL, and Lightning Web Components, delivering new features and enhancements
- Execute 1,000+ data fixes and corrections using SQL, SOQL, and Salesforce Data Loader, ensuring data accuracy and system reliability across production environments
- Build and maintain DevOps automation scripts and API integrations through Azure DevOps, streamlining development and deployment workflows
- Support and troubleshoot batch processing workflows (OpCon), diagnosing job failures and ensuring successful scheduled executions
- Collaborate in Agile sprints tracked in Azure DevOps with Git-based version control

IT Technician Level II, Mobile IT LLC

Oct. 2021 to May 2022

- Diagnosed and resolved software and hardware issues for client staff across multiple sites
- Leveraged remote support tools to deliver prompt technical assistance and minimize downtime

Support Analyst, Michigan State University

Dec. 2020 to Jun. 2021

- Provided technical support to executive-level staff both remotely and on-site
- Streamlined ticket routing processes through cross-team coordination

Deskside Support Technician, IBM @ R1 RCM

Jun. 2019 to Apr. 2020

- Managed IT support tickets and resolved issues for end users remotely and in person
- Collaborated with distributed IT teams to troubleshoot and resolve complex technical issues

Education

Western Michigan University

Kalamazoo, Michigan

Bachelor of Science, Focus: Computer Science
